#### 6. Guidelines for determining Materiality of events or information:

**Quantitative criteria** would be calculated based on audited financial statements (Standalone or Consolidated as applicable) and would mean the omission of an event/ information whose value involved or the expected impact in terms of value, exceeds the lower of the following:

- a) 2% (two percent) of turnover, as per the last audited financial statements of the Company; or
- b) 2% (two percent) of net worth, as per the last audited financial statements of the Company (except in case the arithmetic value of the net worth is negative)); or

In terms of the SEBI Disclosure Circular, if the average of absolute value of profit or loss is required to be considered by disregarding the ‘sign’ (positive or negative) that denotes such value as the said value / figure is required only for determining the threshold for ‘materiality’ of the event and not for any commercial consideration.
